Dedication

TO TESTUDO, THE TERRAPIN

. . . in whose sturdy bronze body the Maryland spirit is incarnate. The editors feel it is fitting that this handbook, issued for the guidance of the freshmen, the newest element of the University, should honor the most revered object on the campus.

Because he represents the finest in the University's athletics, dramatics, music, and other activities which are an integral part of college life . . . because he is a symbol of Maryland's past glories and future greatness . . . the editors humbly dedicate this book to TESTUDO.

Foreword

An opportunity to get a college education is a great responsibility at any time, but today in this war-torn world when the United States is enduring the stress and strain of national defense, the person who has the opportunity faces even greater responsibility.

Just a few years ago, freshmen entering college faced four years of secure study, and then the ordeal of hunting a life's work. But you, the freshmen of 1941-42, are entering when nothing is secure. So you cannot afford to waste any time in vain and idle pleasures. You must make every hour count!

Perhaps the transition from preparatory school to college may seem difficult; perhaps your instructors are more exacting, and your studies harder, but if you will remember that college is the last step before facing the world, and that it must prepare you for the world's hard knocks, your studies will seem simpler and more sensible.

Studies and books are the reason for a college, but they are not the end of it. To be successful, a college must emit a graduate who is well-rounded, and able to face life; studies alone will not do this. For this reason, the University, through the Student Government Association, aids in extra-curricular activities which bring social contacts, and experiences not found in books.

A caution, which will be unheeded in many cases, is not to let the social side of school assume too much importance. Studies are still the important thing, and should come first.

Remember that you are becoming part of a great, and fast growing University. Grow with it and learn its history and traditions, its songs and yells, and its students.

Last of all, but most important, remember that you are an American.

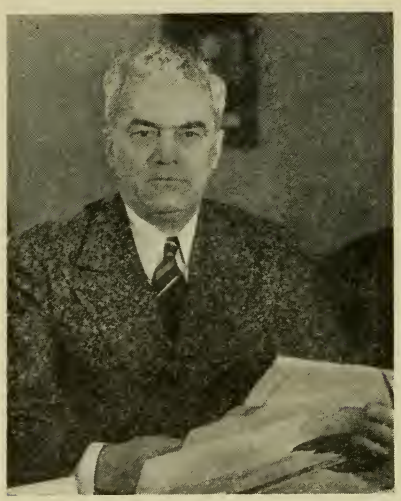
PRESIDENT BYRD GREETS THE FROSH



Dr. Harry C. Byrd

It is a pleasure, through the pages of the "M" Book, to extend greetings to all students of the University at the beginning of this new year. We are glad, as always, to see back on the campus old students, and all of us are anxious to get acquainted with new students so that we may help them feel at home, because they are now part of the University.

New students, as well as old, will have opportunities for many extra-curricular activities and all should enter into such of these activities as appeal to them and which do not interfere with their scholastic work. Contacts, through such activities, help to build the student into a well-rounded man or woman.

Every member of the Faculty is anxious to help you make a success of your university career. Do not hesitate to call on any of us whenever you feel we can be of assistance in meeting your problems.

After the present national emergency is over, trained leadership will be needed as never before to solve the difficult problems that always present themselves in the transition from an over-stimulated economy, such as we now have, to so-called "normalcy". It is to the students, like yourselves, now in college, that the Nation must look to assume a large share of this responsibility; and on the extent to which you make the best of your present opportunities will depend your fitness to meet your responsibilities and to achieve success in life.

To each student in the University, may I say:

"My office door is always open to you. Walk in whenever you wish."

Sincerely,

H. C. Byrd

President.

Acting Dean Reid Welcomes You

James H. Reid

A sincere welcome to both incoming students and to returning upper classmen. We are delighted to meet the old students upon the Campus again and look forward with genuine pleasure to an association with those who are entering the University for the first time.

We want you to feel that Maryland is your University and that you are a part of it. You will be expected not only to make an acceptable academic record, but to engage in wholesome recreation and to participate actively in extra-curricular activities. Loyal, capable, enthusiastic leadership and clear logical thinking are needed more now during these difficult and confused times than ever in the past, and this is your opportunity to develop that type of leadership.

It is my wish that new students will feel free to call upon faculty members or upon upper classmen for advice, and I assure both old and new students that you are cordially invited to call at my office at any time to discuss any problems that you may have.

J. H. Reid

Acting Dean of Men.

DEAN STAMP ADDS HER MESSAGE

Dear Freshmen:

Dean Adele H. Stamp

You who come to our University campus this fall start your college career facing the greatest crisis the world has ever known. Democracy is being threatened and each and every one of you is called upon to help defend America and help win the Battle of Production. In mobilizing the nation to meet this crisis we must have three lines of defense—first, sound homes; second, team work in industry; and third, a United Nation. We cannot produce weapons and supplies needed for total defense unless we have all three. We must have the will and the belief of the people in order to win. Maryland can and will do its share in defending America. We need your help as individuals and the University will point the way toward the services you can render your country. I know no matter how hard the task you will always be ready and will gladly make sacrifices, display courage and do your part for a united nation and help keep "free people free."

Sincerely yours,

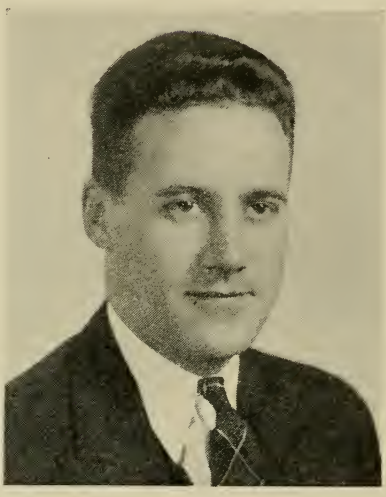
Adele H. Stamp

Dean of Women

Major Geary F. Eppley

MAJOR GEARY F. EPPLEY is Dean of Men and Director of Athletics, but right now during the crisis, he is serving his tour of duty at Fort Meade. Nevertheless Major Eppley's influence may still be felt on the campus, and when he has leave, "Swede" can be seen around the hill.

SAM'S FORCES ARE
LIEUTENANT RALPH I. WILLIAMS



Lieutenant Ralph I. Williams

LIEUTENANT RALPH I. WILLIAMS, on active duty as an instructor in the military department at Maryland, will continue to have a finger in nearly everything that is going on around the University. But during working hours, when Uncle Sam is the boss, he will be all army.

History

"Hail, Alma Mater
Hail to thee Maryland
Steadfast in loyalty
For thee we stand."

In these words are echoed the sentiments of every student of the University of Maryland, past, present, and future. The Students of the past who have graduated cherish many tender memories of their loving Alma Mater; those of the present are striving to make in the University more improvements that will be enjoyed by those of the future.

When the College of Medicine was founded in Baltimore in 1807, the history of the University of Maryland began. Rapidly expanding, the University added a School of Law in 1823, a School of Dentistry in 1882, a School of Nursing in 1889, and in 1904, absorbed the Maryland College of Pharmacy.

The Maryland State College was chartered in 1856 under the name of the Maryland Agriculture College, the second agriculture college in the Western Hemisphere. In 1862, the College became in part a State institution with the passage of the Land Grant Act by the Congress of the United States.

By an act of the State Legislature in 1920, the University of Maryland was merged with the Maryland State College, and the resulting institution was given the name, the University of Maryland.

THINGS FOR FRESHMEN TO KNOW

Maryland University is one of the fastest growing schools in the east, and offers a complete and well rounded program academically and socially.

Well educated leaders are needed in these trying times, and digging in books, and carrying an eager brain around does as much good for your country as digging ditches and carrying a rifle. Many of the draftees would trade places with you gladly.

Grades may not mean everything, but the person with a high average usually learns more and gets more out of his college education.

The freshman year is most important.

Everyone was a "rat" or a "rabbit" once, but most persons outgrow this stage. Take cheer, frosh!

Every smooth freshman should know that:

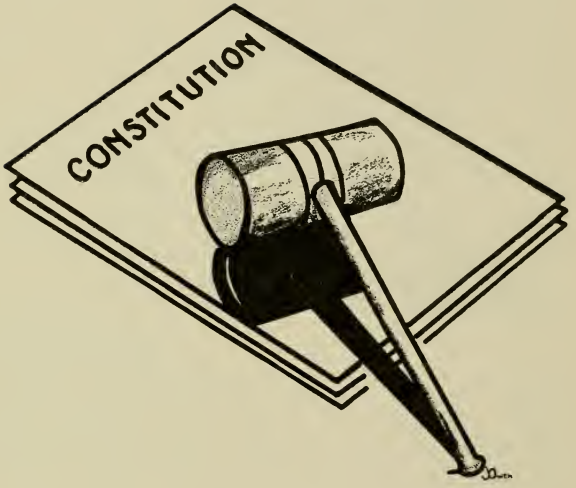
Cutting classes is dangerous . . . expensive just before or after a holiday.

It takes at least ten minutes to walk from ye old drug store to a class, and at least twenty to drive.

The library is a place to read, study, and research, not make dates.

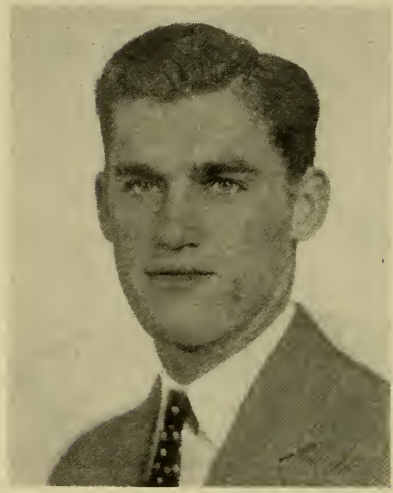
Every footstep kills 976 blades of grass. Stay on the walks and save the 976.

The "Hello Habit" is an honor and a privilege. You'll find this out when you want to meet Susie or Johnny.



Student

S. G. A. PRESIDENT HOLBROOK SPEAKS



Bill Holbrook

Greetings! To all of you who are just entering Maryland, the student body extends a most cordial greeting. We are glad to welcome you to our campus and want you to lose no time in sharing with us our many activities.

It is my pleasure as a representative of the Student GovernmentAssociation to tender some suggestions which I hope will help you launch a successful and enjoyable college career.

As soon as you have become oriented to your academic routine (it's only fair that this should be first), enter into our extensive program of extracurricular activities with enthusiasm. Make yourself a real part of Maryland, and, especially if you are a daydodger, become affiliated with campus organizations—academic, social, athletic, or otherwise—for their benefits are innumerable.

Above all, begin your college career with a strong and ever increasing pride in the University of Maryland, its campus and its traditions. As you perhaps have already noticed, the campus is in a state of transition. Many improvements have already been made, more are underway, and others are being planned, all of which, when completed, will make

Maryland one of the most-up-to-date and beautiful schools in the nation. During these next few years we want you to help us weave Maryland tradition about these new sections of the campus so that they too will be as much a part of Maryland University as the original charter itself.

Last but not least, enjoy Maryland's oldest tradition, the "Hello Habit", which is a natural outgrowth of the friendly, southern atmosphere which abounds on our campus. Let's keep it here!

Sincerely,

Bill Holbrook

FUNCTIONING OF THE STUDENT GOVERNMENT ASSOCIATION

The Student Government Association of the University of Maryland is the official representative body of the undergraduates. Members are chosen from the students, elected by the students, and their primary and sole purpose is to serve the students. A President, the most responsible student office on the campus, is elected in the spring, along with other officers. The President supervises the work of all organizations, and acts as an ex-officio member of each.

Three main divisions comprise the S.G.A. The Executive Council, supreme governing body, decides student questions and formulates policy; the Men's and Women's Leagues decide on and enforce all campus regulations; and the entire student body may attend meetings and enter into the discussions. Only when the students are alert, cooperative and sincerely interested, can the S.G.A. prove a success. Meetings are held twice a month, or oftener, **and are open to the public.**

Student activities are controlled by the S.G.A., and are financed for the most part by an activities fee which is paid by all students in the University. From this fee, the money is prorated to the various activities, and the payment of this fee entitles a student to all the publications, tickets to dramatic, operatic, and debate performances, and to most student dances. Class dues are also included in this fee.

In addition to these duties, the S.G.A. acts as a co-ordinating body between all student groups, and with the administration.

Records of each organization, which are always open for inspection, are kept by the administration. Furthermore, each organization treasurer keeps his own records as a check. All bills are vouchered and the accounts are audited by the State Auditor at the end of each year. The first issue of THE DIAMONDBACK prints a full statement of the income and expenses of each group.

Student Activities

COMMITTEE ON STUDENT LIFE

Back of all the Student activities on the Maryland Campus is the Committee on Student Life, linking the student groups with the University administration. This committee, headed by Dr. Charles E. White, is not organized to criticise and lay down rules for the students, but rather they are organized to work with the students and to show them how to work out problems which may arise; not only problems of the present but problems which will arise when they are working in their community and state in later years.

This group is composed of members of the faculty who are greatly interested in the student body and they are always willing to give of their time to work with the different organizations.

The student life committee urges the students to take part in the extra-curricula activities on the campus. There are numerous clubs, music organizations, such as the University Band and orchestra, dramatics, intramural sports, dancing clubs, and publications staffs, such as The Diamondback and Old Line in which the student may work and better fit himself for later years. By joining some of the Maryland organizations a student has a change from the monotony of classes, books, studying, and more classes.

Other members of the committee which urges the student to participate in student activities are: Major Geary F. Eppley, Colonel Robert E. Wysor, Professor Charles L. Mackert, Dr. John E. Faber, Professor Charles G. Eichlin, Dr. Susan E. Harman, Miss Adele G. Stamp, Mr. George F. Pollock, Lieutenant Ralph I. Williams, Miss Francis Ide, Miss Mary Ann Johnson, Miss Gwendolyn A. Drew, Professor Russell B. Allen, Dr. Norman E. Phillips, Dr. L. H. James, Dr. Otis E. Lancaster, Professor Charles F. Kramer, Miss Alma H. Preinkert, Dr. William A. Griffith, and Lieutenant Carlisle H. Humelsine.

All freshmen college students need a period of readjustment; the purpose of the Daydodgers Club is to help those who are not as likely to get adjusted as are the dorm students.

The club has one activity a month including straw rides, picnics, beach parties, informal dances, and an annual spring formal, which was last year, one of the highlights of the entire campus social season.

The club not only has social activities, but is an outlet for the voice of the Daydodgers on all campus issues. It promotes necessary campus improvements and supports a more representative student government.

The club intends to operate its own transportation bureau again this year. Any Daydodger who wants a ride or wishes a passenger should submit his name to a committee, which will bring riders and drivers together.

The club was founded in 1936.

Concerning Fraternities

The aim and dream of many a freshman is to attain membership in a great collegiate fraternity. To many, this dream means luxury of living, a sense of superiority, a good time among "brothers," and a shining pin to show the home folks.

A fraternity or sorority should mean much more. It should mean closer companionship with other men or women with similar ideals who are pledged to raise the moral, educational, and social standards of the group.

In a few weeks many will have the opportunity to join one of these lodges. The opportunities for you to benefit from these affiliations are numerous, but please keep in mind:

That your decision will probably have more effect on your future life than any you have ever made in the past.

That you are not an outcast if you do not receive the bid you wish, or any bid—you may be too intelligent instead of too backward to interest that particular organization.

That many of the potentially fine men have been completely buried in their fraternities.

That men in other fraternities may be worth cultivating or keeping as intimate friends. Some of your best friends in the Freshmen Class will not be in your fraternity. Do not lose them.

That you are entitled to know the financial set up of any fraternity that rushes you.

That it is neither any credit to you nor to a fraternity to obligate yourself before the official pledge day.

And that your success or failure does not rely on whether you make a fraternity or not, but on the initiative and perseverance you show in either situation. Some men are actually made by fraternal affiliation; others submerged or ruined. Choose your course carefully, remembering that after pledge day your battle to prove your real worth is only starting.

Fraternities

THE FRATERNITY CRITERIA

(This article is printed by request of the Interfraternity Council.)

The National Interfraternity Conference was founded in 1909 for the purpose of discussing questions of mutual interest and to make such recommendations from time to time as it deems wise. It is composed of sixty-four national fraternities which meet strict qualifications for membership. Its annual conferences are attended by about three hundred and fifty officers and alumni of the various fraternities and about fifty deans of men and college presidents. It sponsors the National Undergraduate Interfraternity Conference, composed of delegates from the Interfraternity Councils on campuses all over the United States and Canada, which meets in conjunction with the Conference itself. It publishes a Year Book, the report of its annual meeting, in which much valuable information about college fraternity life is included.

In the fall of 1934, the Executive Committee of the Conference and the Educational Advisory Council reduced to writing the following criteria in order further to advance co-operation between fraternities and educational institutions. The statement was subsequently approved by the American Association of Deans and Advisers of Men and by the Conference itself. It reads as follows:

> We consider the fraternity responsible for a positive contribution to the primary functions of the colleges and universities, and therefore under an obligation to encourage the most complete personal development of its members, intellectual, physical and social. Therefore, we declare:
>
> 1. That the objectives and activities of the fraternity should be in entire accord with the aims and purposes of the institutions at which it has chapters.

2. That the primary loyalty and responsibility of a student in his relations with his institution are to the institution, and that the association of any group of students as a chapter of a fraternity involves the definite responsibility of the group for the conduct of the individual.

3. That the fraternity should promote conduct consistent with good morals and good taste.

4. That the fraternity should create an atmosphere which will stimulate substantial intellectual progress and superior intellectual achievement.

5. That the fraternity should maintain sanitary, safe and wholesome physical conditions in the chapter house.

6. That the fraternity should inculcate principles of sound business practice both in chapter finances and in the business relations of its members.

These criteria should be applied in close co-operation with the administrative authorities of the institutions. Detailed methods of application will necessarily vary in accordance with local conditions. It is the purpose of the National Interfraternity Conference to offer detailed suggestions, after further study and investigation, regarding practical steps to make this co-operation effective.

INTERFRATERNITY COUNCIL

President.....Vincen Hughes
Vice-President.....Leib McDonald
Secretary.....James Miller
Treasurer.....Charles Harry

The Interfraternity Council is composed of two representatives from each fraternity on the campus. Its purpose is to endeavor to create a mutual understanding and harmony among the various fraternal groups.

Certain social functions in which the fraternities participate are supervised by the organization. The Interfraternity Ball held each year is one of the social highlights of the year.

The Interfraternity Council sponsors interfraternity sports during the year. Tournaments are held in track, basket ball, and softball, and the winning fraternity is given an award.

This last year, the Council offered a cup to the fraternity which excelled in extracurricular activities, which was won by Sigma Nu Fraternity.

INTERFRATERNITY RUSH RULES

1941-1942

The Interfraternity Council has adopted the following rules to govern rushing:

1. Summer rushing ends at 8:20 a.m. Wednesday, September 17.
2. From 8:20 a.m. of the 17th until 8:20 a.m. Wednesday, September 24, freshmen may be contacted, but not rushed in any sense of the word.
3. Wide open rushing begins at 8:20 a.m. Wednesday, September 24.
4. Freshmen, non-resident of a particular fraternity house, are not permitted in that fraternity house after 7:30 p.m. during the wide open rushing, on Sunday through Thursday of any week during the period.

5. Open Rotary Dances will be held at all houses Friday, September 26.

6. Rushing functions are permitted both weekends of the period.

7. Rushing terminates and silence begins 2:30 p.m. Sunday, October 5. Silence terminates 4:30 p.m. Monday, October 6.

8. Bids must be turned in to the Interfraternity Council not later than 9 p.m. Sunday October 5.

9. The above rules do not apply to upperclassmen, but do apply to Baltimore Polytechnic "A" course students.

10. No fraternity may cause a freshman to make any commitments before 4:30 p.m. Monday, October 6.

The Council will publish and distribute to the freshmen a handbook on the fraternities.

SOUTHERN CONFERENCE RULES

Maryland is a charter member of the Southern Intercollegiate Athletic Conference which includes Washington and Lee, William and Mary, Virginia Military Institute, Virginia Polytechnic Institute, North Carolina, North Carolina State, Duke, South Carolina, Richmond, Clemson, The Citadel, Davidson, Furman University, Wake Forest College, and George Washington University.

Included in the Southern Conference are the states of Maryland, Virginia, North Carolina, South Carolina, and the District of Columbia. The Conference is composed of not more than sixteen members and the members are entitled to one vote each.

Its purpose is to promote intercollegiate athletics in every form, and to regulate them by wise and prudent measures in order that they may improve the physical condition, strengthen the moral fiber of students, and form a constituent part of that education for which universities and colleges were established and are maintained.

All athletics at Maryland operate under the direction of the Athletic Board composed of Professor Geary Eppley, chairman; Dr. Ernest Cory, Dr. Levin Broughton, Dr. William B. Kemp, and Dr. William Supplee.

For the rules of eligibility of the Southern Conference, consult your copy of the Academic Regulations.

School Spirit

Cheer Leaders

Head Cheer-leader—Ralph Bridges

Barbara England	Dody Schene
Margaret Meiser	Bob Searls
Lolly Park	George Simons

Traditional at the University of Maryland is the rivalry between the sophomore and freshman classes. You, the freshman of the class of '45, are about to become a part of this great tradition.

The first necessary step is to learn the songs and cheers of your school. Show your "school spirit" by coming to the football games and other athletic events and yelling your lungs out for the old alma mater.

Remember that those boys out on the field are fighting for you, always in there trying to win. A cheer of encouragement from you may mean the difference between victory and defeat.

Freshmen should also remember the fact that they are newcomers to an institution of higher learning. As such, they will be asked to obey a few simple rules drawn up by Barnett Broughton, president of the sophomore class.

The rules which follow are subject to addition or amendment at any time. Any violations are punishable by the sophomore class.

THE EIGHT COMMANDMENTS

1. Frosh must learn all school yells and songs and turn out for all pep rallies.

2. Frosh must carry Bibles (M Books) at all times.

3. Frosh must attend all varsity football games and sit in Frosh cheering section.

4. Frosh must develop the "Hello Habit".

5. Frosh must not cut campus.

6. Frosh must show respect for upperclassmen, obeying all reasonable orders and granting them the right of way.

7. Frosh must wear rat hats and name plates at all times.

8. Frosh must not wear insignia won at any school other than the University of Maryland.

The following are the recognized songs and cheers of the University of Maryland, which it is hoped that all freshmen will learn carefully:

ALMA MATER

(Maryland! My Maryland!)

The sons and daughters throng thy door,
Maryland! My Maryland!
Their hearts and hopes they bring to thee,
Maryland! Oh Maryland!
And place them in thy custody,
Proud hearts that pledge their love for thee:—
They come from mountain, farm and shore
Maryland University!

Go forth, brave youth, throughout the state:
Maryland! My Maryland!
And your actions, show her great:
Maryland! Our Maryland!
Thy Alma Mater's name and fame
Oh keep alive her holy flame,
Until all hearts as one exclaim,
Maryland! My Maryland!

Cheer, three times cheer, and one cheer more
For Maryland! Dear Maryland!
Send forth that cry from hill to shore:—
Maryland University!
Fair Mother of our brighest dreams,
Blest giver of life's precious things.
To thee each heart its service brings:—
Maryland! My Maryland!

MY MARYLAND

The despot's heel is on thy shore,
Maryland! My Maryland!
His torch is at thy temple door,
Maryland! My Maryland!
Avenge the patriotic gore,
That flecked the streets of Baltimore,
And be the battle queen of yore
Maryland! My Maryland!

Thou wilt not cower in the dust
Maryland! My Maryland!
Thy gleaming sword shall never rust
Maryland! My Maryland!
Remember Carroll's sacred trust,
Remember Howard's war-like thrust,
And all the slumb'rers with the just,
Maryland! My Maryland!

Victory Song

Down on the field they're fighting.
Pride of the Black and Gold,
Men, every one of them,
Warriors of U. of M.
Our honor they'll uphold.
On toward the goal they're marching.
It will not take them long,
So, let's give a cheer,
For the men we hold dear,
And sing to them our Victory Song.

Chorus

Maryland, we're all behind you;
Wave high the Black and Gold,
For there is nothing half so glorious
As to see our men victorious;
We've got the team boys,
We've got the steam, boys,
So keep on fighting, don't give in!
(Shout) M-A-R-Y-L-A-N-D!
(Sing) Maryland will win!

Alma Mater

(By Bob Kinney, '41)

Hail, Alma Mater
Hail to thee Maryland—
Steadfast in loyalty
For thee we stand.
Love for the Black and Gold,
Deep in our hearts we hold,
Singing thy praise forever,
Throughout the land.

Sons of Maryland

(Tune, Sons of America)

Sons of the Gold
Sons of the Black,
Fight, No spirit lack.
Your Alma Mater
Needs you today.
To help win the fray.
Shoulder to shoulder,
Back to back,
We'll fight together
For the Gold and Black.
Fair Sons and Daughters
Of Maryland
Upon you all vict'ries stand.

Chorus

Sons of Old Maryland,
Old Maryland needs you!
Stand by your colors, boys,
And to them e'er be true!
Fight for old Maryland,
Old Liners! Stand.
Defenders of the Black and Gold
Throughout this land.
Team! Team! Team!

U. of M.

(Tune of Caisson Song)

U. of M., U. of M.
Keep the ball away from them,
Keep that pigskin a-rolling along!
Up the field, down the field,
Not an inch of ground we'll yield,
Keep that pigskin a-rolling along—
Then it's Whiff! Wham! Whack!
Hear that Maryland quarterback
Shout out his signals loud and strong!
Where'er you go, you will always know
That the pigskin is rolling along,
(shout) Maryland! Maryland!
Keep that pigskin a-rolling along!
